**1533A.D.
THE DANUBE VALLEY**

**CHRISTIAN EUROPE
IS UNDER ATTACK**

**THE OTTOMAN
EMPIRE HAS
CONQUERED
HUNGARY**

**MUSLIM SULTAN
SULEYMAN THE
MAGNIFICENT NOW
DESIRES VIENNA**

**A HERO
RIDES OUT**

A HERO RIDES OUT

The **Ottomans** may control **Hungary** now but they shall go no further.

Let's drive them out of **Hungary** too!

That's the spirit Quinn, we have no use for their **crescent** when we have our **cross**.

Foggy down in the ravine.
What say you **captain**?

Somehow i knew you were
going to say that.

The **Danube Valley** is ours,
we are the **vanguard**.

THOUGH CAPTAIN
JANIK DRESDEN
DID WISH HE
COULD SEE
THE OTHER SIDE

A LEADER MUST CHOOSE

The information is correct,
ready the **arquebusiers**.

Leave no survivors
but the **traitor!**

AND BE CONFIDENT IN
THOSE CHOICES

AND LIVE WITH THE
OUTCOME

Dresden. Janik, my **captain**, my **friend**, this was not your fault.

No it was an **ambush**, the **tactic of cowards**.

We have our **spies** and they have theirs. the world is changing...

Then i shall change with it. damn my **honor**, I will have **vengeance**.

Victory over the Infidels!

Egriboz!
Egriboz!
Egriboz!

At least we didn't kill the traitor...

Despite allowing some survivors to get away. I **rejoice** with you brothers!

May our **spies** discover their **secret routes**. We shall take **Vienna** this time!

DRESDEN SENT HIS
SURVIVING CAVALRY
NORTH

TOWARDS VIENNA, HOME,
AT LEAST FOR A LITTLE WHILE

its time Quinn, set
the meeting with
your man.

Yes my captain.
The world spins on,
as you say...
so shall we.

A FORTNIGHT LATER,
QUINN REPORTS BACK

Bluthe wants us
to wait for him
at the
Baroness'
hold. We can
find new
recruits there
as well and rest
and be fattened
up a little.

He vouches
for her.

You know i don't trust the **nobility**.
Half of them are **Ottoman puppets**
and the other half only feign loyalty to
the **Hungarian Fifth Column**.

A LEADER MUST BE
WILLING TO CHANGE
TACTICS

BUT BEWARE TO
THOSE WHO BETRAY
HIM

These days young man,
there is no telling.

Sir Dresden,
a **Christian
Lady** would
not betray us,
would she?

CAN CAPTAIN JANIK DRESDEN TRUST THE BARONESS?

He would say the same of you, Sir Dresden...

I did not know your late husband, the Baron von Elfred, but I know he was a good man.

My husband believed had you fought at **Mohacs**, Hungary would have saved herself.

It was a terrible defeat, but by all accounts he fought well.

I don't care how he fought, if only he...

would have returned home to me.

Of course my Lady, please forgive my brutishness.

I shall assign three of my **retinue** to take arms under your **command**.

As our **Lord** would have us Sir Dresden.

If only I lost just three at that bloody ambush! I shall be **grateful** all the same, **Baroness Theodora**.

They are young, but I shall make men of them.

You three are only pages, follow every instruction without question.

THE BOY DID NOT KNOW IT
BUT HE'S ANCESTOR TO THE
MAGYARS

BORN TO RIDE
THE HIGH PLAINS
OF THE DANUBE VALLEY

Captain Dresden,
there are reports of
bandits in town.

Bandits beware!
For you loot a **townfolk**
already under the boot
of the Sultan.

uh oh, he
mad

Arrest them all.
The **Town Reeve**
shall see to their
punishment.

Know how lucky
you are!

AND A HERO SHOWS MERCY

LOVE

HOPE

Understand that he does not trust **royal emissaries**.

Or **Noble Ladies** for that matter.

I am glad that Dresden has finally agreed to meet me.

Then it is true, you really don't **trust** anyone.

I have dismissed Quinn from this meeting.

Baroness, not in your own **Hold**. Come Bluthe, let us take a turn.

I shall dismiss myself thank you.

Bluthe wants us to wait for him at the **Baroness' hold**. We can find new **recruits** there as well and rest and be fattened up a little.

He vouches for her.

You despise me for being a **spy**, but how do you think you were ambushed?

You know i don't trust the **nobility**. Half of them are **Ottoman puppets** and the other half only feign loyalty to the **Hungarian Fifth Column**.

Leave no survivors but the traitor!

The Information Is correct the arquebusiers

Yes Dresden you have a **traitor** in your midst. It will take a **spy** to catch him.
